2007-2008 Curriculum Guide for Human Development and Family Sciences Option in Gerontology

Important Numbers:

- 180—total number of credits required to graduate from OSU
- 60—number of upper division credits required (39 in HDFS)
- 124—maximum number of credits which can be transferred from a community college
- 45 of last 75 credits must be OSU credits

Important Notes:

- Not all the courses listed are offered each term. Check current schedule for availability.
- It is the student's responsibility to make certain that all prerequisites are met or instructor permission is granted for courses that require one or both of these conditions.
- Recommended minors – Recommended AAS degree in Criminology or Family Services; Recommended Electives in Psychology, Sociology, Criminology, Communication, and/or Human Development disciplines.

The Department of Human Development and Family Sciences examines human development within the context of families, schools, work, communities, and other social-cultural environments. Recognizing the diversity and challenges of contemporary life, our faculty and students study how environments can enhance - or limit - development from early childhood through the end of life. All HDFS programs recognize the critical importance of culture and gender; diversity; and contemporary, global perspectives in the discovery of knowledge and preparation of professionals. Thus, department activities are guided by social responsibility, compassion, and high ethical standards. The program offers multidisciplinary course work in gerontology leading to:

- preparation for work with older adults as a specialty within a professional area, such as human services, health care, counseling, nutrition, pharmacy, and others.
- preparation for careers in aging programs (e.g., senior centers, area agencies on aging, long-term care facilities, and others).
- general education for personal growth and understanding.
- stimulation of faculty and student research in gerontology.
- community and continuing education in gerontology.

Baccalaureate Core (total 48 credits)

Oregon community college students entering OSU-Cascades Fall term 1990 or thereafter, having completed the Associate of Arts (AA) degree meeting the OUS-Oregon Community College block transfer agreement will automatically have satisfied all the lower-division requirements of the Baccalaureate Core's Skills and Perspectives categories. **Bolded courses within the Baccalaureate Core can be "double counted" against major requirements.**
