ADMISSION REQUIREMENTS

SELECTION OF FIRST YEAR STUDENTS

OSU-Cascades admission requirements promote student success by assessing preparedness and academic potential in the unique context of each student's personal experience. Admission assessment will consider all achievement, both academic and non-academic, to enroll students with a broad range of characteristics and perspectives. These include, but are not limited to: academic achievement, creativity, initiative, motivation, leadership, persistence, service to others, intellectual curiosity, exceptional personal or academic recognition, unusual talent or ability, substantial experience with other cultures, and ability to overcome significant challenges.

The admissions process will perform a fair and comprehensive review of all applicants to determine potential success at OSU-Cascades. It is crucial that applicants carefully complete the application process by providing thorough information. Estimating the likelihood of admission is very difficult without considering the complete application file.

REGULAR ADMISSION

Initial admission selections are based on a holistic assessment of the criteria listed below. Minimum requirements for admission include a high school grade point average of 3.0 (on a 4.0 scale) and completion of 14 high school courses (see high school course requirements).

- Class rank taken in context with academic rigor and size of high school attended
- Performance on standardized tests: SAT I or ACT. SAT II subject tests will be considered when available

Insight Résumé:

- Understanding of you as a unique, contributing individual
- Your accomplishments, perspectives, experiences, and talents
- Your achievements within the context of your social and personal circumstances
- Participation in activities, that develop academic, intellectual, and leadership abilities

The Insight Résumé scores will be used for scholarship selection, secondary review of applicants who do not meet admission requirements, and compiling baseline data for possible changes to admission requirements in the future.
