

OSU Cascades

SFC Minutes

7 October 2010

Members in attendance: Chelsie, Rene, Danny, Vernice, Melissa

205- Finance Committee/ Committee for Social Justice

- How do we go about starting funding for this group?
- What would be an appropriate amount?
- \$500 would be a good start
- We would like to see a more concrete plan for funding.
- **APPROVED** for \$500, and can come to us with proposals if they need additional funds.
- We do, however, need to see a more formal budget by the end of November.

220- Trick or Treat in the dorms proposal

- This proposal would fund a night of trick or treating in a safe, warm place for parents with children.
- Some concerns about the atmosphere in the dorms and how that would work for kids.
- A similar program is popular at Redmond High School
- Concerns about the time and amount asked for
- The time is good- after work and before bedtime- and the amount is reasonable for what they want to do.
- What about advertising this?
- They are requesting funds from elsewhere to take care of that.
- **APPROVED \$500**

230- Computers for student government reopened

- Found computers, including warranty, for around \$700.
- Software will be licensed through the university
- Also should consider the large amount of freeware available on the internet.
- **APPROVED** up to \$4000

235- Getting the webpage set up and updated

- Chelsie should be able to get on this soon.

235- Creating a policy for the SFC computer

- Andrew will bring a document about this for us to review and come to an agreement on.

237- SFC absence policy

- We will exchange numbers and call or text if we will be late or absent.

240- Shared phone numbers

245- Still waiting on making a decision regarding Cascades Adventures issue. We will continue to ask for a reply and input from ASCOCC

247- Meeting adjourned.
